

RoZetta Technology welcomes a new Head of Product and Delivery Management.

Press Release

Sydney, Australia - 25 October 2023

RoZetta Technology is pleased to announce the appointment of Tony Gangemi as Head of Product and Delivery Management. With the company experiencing accelerated growth, this strategic appointment will play a crucial role in driving innovation and ensuring the successful delivery of the DataHex product suite and supporting data science led advisory services.

Tony brings considerable industry experience and expertise in the Financial Markets and Wealth Industries from leading teams and delivering products at Thomson Reuters and most recently at Morningstar.

"Tony is a very timely and welcome addition to our specialist team. His wealth of industry and product experience combined with his global network and leadership qualities will further enhance RoZetta's position in the market and enable us to continue delivering exceptional results for clients across Europe, Asia, and the US," said David Sharp, CEO of RoZetta Technology.

"I'm thrilled to be joining RoZetta Technology as Head of Product and Delivery Management at such an exciting time. I am eager to collaborate closely with our existing, and rapidly growing new client base, sharing my experience to drive great outcomes, elevate our market-leading platform, DataHex, and continue to drive innovation." said Tony.

About RoZetta Technology

RoZetta Technology's capability is deriving value and insights from big data and analytics through our DataHex platform, data science, managed services, and cloud technology expertise. We have built a strong reputation for building and operating world-class large-scale data and analytic solutions for financial, utility, energy, telecommunications, and government market clients. Our experience is unrivaled in dealing with the complexities of ingesting, curating, and managing global exchange data on behalf of clients such as ICE, Thomson Reuters (now Refinitiv) and Morningstar.

Our team of data scientists and technologists use a research-driven, systems-design model that has delivered over \$4b in returns to our industry partners. Together with our clients, we continue to develop and refine next-generation technology solutions.

RoZetta Technology appoints new Chief Technology Officer for next phase

Press Release
Sydney, Australia - 27 June 2024

RoZetta Technology, a leading provider of data management solutions, announces the appointment of Simon Perry as Chief Technology Officer. With experience in strategic product development and SaaS technology innovation, Simon will play a pivotal role in accelerating the company's global growth and spearheading the continued development of its leading DataHex product suite.

Simon's expertise spans product development, business strategy, and all technology disciplines from software engineering, cloud infrastructure, data analytics and AI/ML to security. Simon's dedication to user-centric design with a complete customer outcome lens has delivered tangible results with other specialist data management businesses and SaaS software companies ie. Core Logic, Equifax, 3P Learning.

"It is terrific to reconnect with Simon and have him lead our technology roadmap as we rapidly expand our client coverage in key global markets. Simon's undivided customer focus will enable our business to significantly increase the velocity of our innovation program responding to common industry issues that have remained unresolved for decades," said David Sharp, CEO of RoZetta Technology.

"I am thrilled to be joining the RoZetta team, there is a significant growth opportunity ahead for the business and I am very excited to be able to contribute and be part of that success by helping both customers and the broader industry solve longstanding and complex problems with innovative tech solutions," said Simon Perry, CTO of RoZetta Technology.

RoZetta Technology appoints Paul Spence as Chief Data Scientist to drive innovation

Press Release
Sydney, Australia - 4 July 2024

RoZetta Technology, a leading provider of data management solutions, today announced the appointment of Paul Spence as Chief Data Scientist. With a distinguished career in quantitative research, portfolio management, and advanced analytics at prominent financial institutions such as Zurich Investment Management, Deutsche Asset Management, and Sustainable Insight Capital Management, Spence brings a wealth of experience and expertise to the role.

Spence will lead RoZetta Technology's data and analytics product development strategy, leveraging his experience and understanding of capital markets and quantitative funds management to implement cutting-edge ML / AI technologies with RoZetta's team of highly talented data scientists. His focus will be on developing innovative solutions that empower RoZetta's clients to unlock the full potential of their data, drive informed decision-making, and achieve significant business outcomes.

"Having recently secured long-term contracts in the US, Europe and Asia we are very pleased to have Paul join our Leadership team to drive the next phase of our data science product development. With a particular focus on sustainability we look forward to delivering unique value to global markets," said David Sharp, CEO of RoZetta Technology.

"I am delighted to join Rozetta Technology as Chief Data Scientist. This role presents exciting opportunities to leverage our talented team in delivering cutting-edge solutions to data and analytics challenges, driving innovation and creating value in diverse fields such as finance, climate data analysis, healthcare, and sustainable investing. I look forward to contributing to our clients' success in these dynamic sectors." said Paul Spence, CDS of RoZetta Technology.

RoZetta Technology appoints Head of Product and Program Management to expand international delivery capability

Press Release
Sydney, Australia - 11 July 2024

RoZetta Technology, a leading provider of data management solutions, today announced the appointment of Suresh Dhanushkoti as Head of Product and Program Management for its flagship DataHex platform. Dhanushkoti brings extensive experience in strategy development, AI/ML, analytics-driven product management, and enterprise transformation from his tenure at prominent companies such as Citibank, Veda Advantage (Equifax), CoreLogic, and Quantum.

In his new role, Dhanushkoti will be responsible for building and leading high-performing teams to enhance the DataHex platform, ensuring it continuously delivers business value to RoZetta's growing global clientele. His deep expertise in data-driven innovation will be instrumental in accelerating DataHex's development and expanding its reach in the market.

"Suresh brings terrific experience to our team as we gain momentum in key international markets. I'm very pleased that we can appoint proven professional leaders like Suresh, who were attracted to RoZetta through our personal network," said David Sharp, CEO of RoZetta Technology.

"I'm excited to join the innovative team at RoZetta Technology, who are at the forefront of solving complex market and customer problems by transforming big data into actionable insights. I look forward to being part of the team, supporting the global growth roadmap and delivering impactful outcomes for the customers" said Suresh Dhanushkoti, Head of Product and Program Management of RoZetta Technology.
